

Glen Payne

Glen Payne Loved this Church. Everyone and everything in it. He served in many ministries over the years. But his Love for the Birthday card ministry gave him pure joy! A ministry he ran for over 30 years All on his on. Many of us at one time or another would walk up to Glen hug him and thank him for the wonderful card he had sent us. I say "His birthday cards had "Happy Feet" because they made you feel Happy. His cards were fun, loving and filled through and through with his Love for God and for those who received them.

Glen knew that there were people in our congregation that never received birthday cards or a happy birthday wish from anyone. Why? because they were estranged from their families or former friends who did not accepted them because they were Gay. Glen wanted them to know that they were Loved for who they are! And most of All that God Loved them.
